

# Bubba's All-Purpose Zombie/Combat Shotgun

Suitable for *most* shotgun uses, (including and *especially* zombie/combat uses.)

Couple of views of the "Zombie-Ready" as assembled by Bubba.

This is a closer view of the target from the 1st 3 shots out of Bubba's home-made zombie/combat shotgun. These shots were fired from 100 feet (35 steps.)

That's a 2.25" group made with a casual unrested stance.

Bubba sez...

"Zombies had best steer clear."

After adjusting the front sight. These were casual shots at 100ft/30yds. (marked within the circle)
